Director – Safety and Enforcement Division

Dear Madame:

Re: CPUC Directive to California Owners and Operators of Underground Gas Storage Facilities

Wild Goose Storage, LLC (“WGS”) is in receipt of the CPUC Directive dated January 26, 2016 (the “Directive”).

A leak survey was performed over the course of five (5) days from October 26-30, 2015 at the Wild Goose Storage facility. The final report detailing that survey is attached.

I spoke to Kenneth Bruno, Program Manager, about whether or not WGS’ October 26, 2015 leak survey would be sufficient to comply with the Directive. Mr. Bruno requested that we send it for his review to determine if it meets the obligations of this Directive before WGS takes any further steps.

Accordingly, as Mr. Bruno directed, we are not submitting a leak survey plan at this time.

Sincerely,

WILD GOOSE STORAGE, LLC

Jason A. Dubchak

Vice President, General Counsel & Corporate Secretary
